ACCELERATING PARTNERSHIPS TO ADVANCE AFRICA’S POWER, ENERGY AND WATER EVOLUTION
STRATEGIC CONFERENCE 2019 HIGHLIGHTS

Opening keynote
Key speakers included Hon. Jeff Radebe, Minister of Energy, Department of Energy, South Africa and Phakamani Hadebe, Group Chief Executive, Eskom, South Africa with Eleni Giokos, Senior Business Correspondent from CNN as moderator.

African Power, Energy and Water Industry Awards
Over 600 of the industry’s who’s who gathered for a night of networking and entertainment and of course to celebrate the projects and people who have gone above and beyond to deliver success in the industry.

Utility CEO Roundtable
Conference Delegates were provided with a unique opportunity to join Africa’s top utility CEOs for an exclusive roundtable exercise to identify utility risks and mitigation.

New conference tracks
You spoke, we listened. Due to high demand to cover the latest trends, we introduced two new conference tracks, Smart Energy and Future Cities. The conference rooms were packed and the sessions were of the most well attended across the programme.

Site visits
Conference Delegates were treated to a whole new dimension of their event experience by gaining exclusive, behind-the-scenes showcase of the water and energy sector’s latest technology and solutions at various sites. From seeing the Southern Hemisphere’s largest turbine generators in action at Koeberg Nuclear Power Plant to visiting Robben Island’s solar installation which has drastically reduced reliance on costly diesel power, we provided exclusive access to a choice of 6 energy and water sites.
